

Boss Dog

- Boss Dog's Profile -

- Barbara Bowman and Jan Mettler have each been marketing wine, food and hospitality for over twenty years.
- Former teachers, we take pride in our communication skills. Barbara taught teachers; Jan taught kindergarten.
- Barbara raises chickens; Jan raises grapes. Our expertise is broad-based. We know the properties of volcanic soil, how to turn the heads of sommeliers and where to source fine recycled paper. Barbara has culinary know-how; Jan has gained viticultural knowledge through 30 years of hands-on work in her 95-year-old Zinfandel vineyard in Dry Creek Valley.
- We formed Boss Dog Marketing in 1995; we have worked with the highest-quality, family-owned and sustainable business clients, aligning our work with our personal values. We are agents of success for our clients.

How We Work

- As principals and partners, we are directly involved with our accounts.
- We recognize, complement and support in-house talent, empowering our clients to progress independently.
- We are nimble and responsive, realistic and ethical.
- We are experts on Sonoma County and connected to its wine, food and hospitality industries.
